A \$2500.00 retainer is required for new cases. Invoices are mailed each month to reflect case work, and payment is required ten days after submission of invoice. Past due payments will incur a 5% monthly fee on unpaid balances, until paid in full. The retaining attorney is responsible for payment to Collision Specialists, Inc., not the attorney's client.

Testimony, to include depositions, trials and hearings require a minimum three (3) hour appearance fee. When opposing counsel requests a deposition, it will be the responsibility of opposing counsel to pay the appearance fee. This fee must be received five business days before the seating of the deposition. If fees are not received within the allotted time, Collision Specialists, Inc. reserves the right to reschedule the deposition appearance until such time as payment is received. If travel is required for the deposition, opposing counsel will be responsible for all additional expenses associated, unless otherwise agreed upon.

During trials, the day rate will be incorporated since the days will be blocked off of our calendar to eliminate scheduling conflicts.
